Did you know?

Did you know you could make the Dashboard your default home page?

If you would prefer to see your Dashboard as the first page when you log into BudgetPak, instead of the home page, click on the 'Settings' button on the Dashboard page.

From this page, you can make your Dashboard the default home page by checking the box 'Start BudgetPak at the dashboard page.'

For detailed instructions on using the Dashboard, see the [Dashboard Usage and Configuration Guide](#).
